CENTRAL FAX CENTER****JUN 13 2007****REMARKS/ARUGMENTS**

This communication is in response to the Non-Final Office Action dated April 18, 2007. Claims 1 and 2 have been canceled without prejudice. Claims 3-6 have been amended. New dependent claims 7 and 8 have been added. No new matter has been added. Claims 3-8 remain pending in this application with claims 4-6 being the only independent claims. Reconsideration in view of the amendments and remarks presented herein is respectfully requested.

In the outstanding Office Action, claims 1-3 are rejected under 35 U.S.C. §103(a) as obvious over U.S. Patent No. 5,858,012 (Yarnaki et al.) in view of JP 09-271488 (Iwao et al.). The Examiner has also objected to dependent claims 4-6 as containing allowable subject matter that would be allowable if rewritten in independent form to include all the of the limitations of the base claim and any intervening claims.

Pursuant to the Examiner's suggestion during the telephone interview conducted on April 3, 2007, Applicants have rewritten each of dependent claims 4-6 in independent form to include the limitations found in claims 1 and 2 to place the application in condition for allowance.

Dependent claim 3 has been rewritten to depend from independent claim 4. New claims 7 and 8, similar to that found in dependent claim 3, have been added to depend from independent claims 5 and 6, respectively. Since claims 3, 7 and 8 depend from independent claims 4-6, respectively, Applicants submit that these claims are also allowable over the prior art of record for at least the same reasons that claims 4-6 are patentable.

Accordingly, Applicants submit that the application is now in condition for allowance and passage of the application to issuance is therefore requested.
